Section 1 – Introduction

This directory provides a list of your plan's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

Your plan may cover additional benefits that are not covered by Original Medicare. Additional benefits may include vision, dental or hearing services. Note: You may have to use a specific provider for some additional benefits.

You may have the option of purchasing extra benefits that are not covered by Original Medicare and not included in your plan benefits package. These extra benefits are called "Optional Supplemental Benefits" or a Rider. If you want optional supplemental benefits you must sign up for them and pay an additional monthly premium for these benefits. You may purchase an optional supplemental benefit by calling Customer Service at the number listed on the back of this directory.

Services from these providers will not be covered if your plan does not include additional benefits or you have not signed up for optional supplemental benefits through a Rider. To see if your plan includes additional benefits or if a Rider is available in your service area, go to Chapter 4 of your Evidence of Coverage.

Choosing a Primary Care Physician (PCP)

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Physician (PCP). The term "PCP" will be used throughout this directory. You'll need to call and make sure the provider you choose is accepting new patients. If you choose a PCP who is not taking new patients, we may assign you to a PCP who is. You do not have to keep seeing the same PCP. You can choose another PCP who is accepting new patients by calling Customer Service at the number listed on the back of this directory.

Your PCP plays an important role in your health care. They can:

- Help you make smart lifestyle choices to improve and maintain your health
- Perform preventive care and screen for health conditions
- Help you better understand your medical conditions
- Coordinate the care you get from specialists to help prevent duplicate and unnecessary tests
- Manage your prescriptions to avoid possible harmful interactions

Your PCP can handle most common health care needs. If you need to see a specialist, your PCP can recommend an appropriate network specialist and answer questions about the specialist's treatment plan. Your PCP will provide follow-up care as needed.

The "network providers" listed in this directory have agreed to provide health care services to our members. Check your Evidence of Coverage to make sure your plan includes additional benefits or that you've signed up for optional supplemental benefits before making appointments for dental, vision or hearing services. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

You can ask our plan to pay our share of the cost of your covered services

There may be times when you get a bill from a provider for the full cost of medical care you have received. In most cases, you should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. Please see Chapter 5 of your Evidence of Coverage for more information.

Emergency and urgently needed care

If you have a medical emergency, get help as quickly as possible. Call 911 or go to the nearest emergency room or hospital. You can always get emergency care from the nearest available provider, whether or not

they are a network provider. Your plan covers emergency services whether you are in or out of the service area. Your plan covers ambulance services for getting to the emergency room when any other way could harm your health. You or someone else should call and tell us about your emergency care, usually within 48 hours.

You must use plan providers in your service area for urgent care. However, if you're out of the service area you may get urgent care from the first available provider. Also, when out of the service area you can get dialysis treatment from any qualified dialysis provider. If you get routine care from out-of-network providers, neither Medicare nor your plan will pay for the costs.

How to access your behavioral health benefit

To access your behavioral health benefits, call the behavioral health number on the back of your member ID card, 24 hours a day, 7 days a week. When you call, a representative will check your eligibility and get basic information about you and your situation. Depending on the help you need, a clinician may talk with you and recommend a provider and treatment plan. If you prefer, your PCP may call and arrange a referral for you. You may also call for information about network practitioners, subspecialty care and how to get care after normal office hours.

Your personal information will be kept strictly confidential.

If you need organ transplant services

Your plan has a nationwide network of facilities that perform organ transplants (transplant procedures involving the Heart, Lung, Liver, Intestine, Kidney, Bone Marrow and/or Pancreas). Solid organ transplants must be obtained from a facility that is currently Medicare-approved to perform the type of transplant you need. The complete list of facilities that are in-network for your plan, and that are approved by Medicare for the types of transplant programs they may offer, may change throughout the year. For information on network facilities for

transplant services, please call Customer Service at 1-800-711-0646 TTY 711.

How to use your hearing aid benefit

If you need hearing aid(s), the plan requires you to purchase them through hi HealthInnovations™. If you have an existing hearing test, hi HealthInnovations can use that test to program your hearing aid(s). If not, your benefits may include a hearing test that can be performed at your PCP's office or by other network providers. Office visit copays may apply — please check your EOC for details. To contact hi HealthInnovations, call 1-855-5BE-WELL(855-523-9355), TTY 711, or go online at www.hihealthinnovations.com/uhc.

If you have out-of-network benefits and you get a hearing test from an out-of-network provider, you will pay your copayment or coinsurance amount. If you do not have out-of-network benefits, you will have to pay the full cost of the services. If you buy a hearing aid from anyone other than hi HealthInnovations, you will have to pay the full cost of the hearing aid.

If you need help finding a provider, call UnitedHealthcare Customer Service or visit the website listed on the back of this directory.

Choosing a vision provider

See Chapter 4 of your EOC to make sure your plan includes additional vision care coverage. Then check to see if the coverage includes routine eye exams and/or routine eyewear.

- To get the most benefits you can for routine eye exams, choose a network provider for covered vision services.
- To get the most benefits you can for routine eyewear, choose a network provider for covered vision services.

If your plan allows you to choose a non-network provider, please see your EOC for how to get refunded for your visit.

If your plan does not cover vision care services and you visit one of these providers, your services will not be covered.

Choosing a dental provider

Dental Platinum Rider

If you're enrolled in the Dental Platinum Rider, choose a network provider to get the most benefits you can.

How to change a dental provider

Dental Platinum Rider

You may change your network provider at any time. Simply choose another network provider and make an appointment. The plan cannot guarantee that any specific network provider will be available. Some offices may have been added to or taken from this list since it was printed. For complete, up-to-date information, contact Customer Service at the number on the back of your member ID card.
