Section 1 – Introduction

This directory provides a list of Aetna Medicare HMO and PPO network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

If you are enrolled in a standard Aetna Medicare Health Maintenance Organization (HMO) plan, you will have to choose one of our network providers that are listed in this directory to be your **Primary Care {Physician/Provider} (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP. Your PCP will issue referrals to participating specialists and facilities for certain services. For some services, your PCP is required to obtain prior authorization from Aetna. You must use network providers except for urgent care or out-of-area urgent care/renal dialysis. Except for those benefits described in your plan documents as direct-access benefits, or in an emergency, you will need to obtain a referral from your PCP before seeking covered non-emergency specialty or hospital care. Check your Evidence of Coverage for details.

If you are enrolled in an Aetna Medicare (HMO) Open Access plan, you are not required to choose a primary care physician (PCP) and are free to visit network providers without a referral to receive covered services. You must use network providers except for urgent care or out-of-area urgent care/renal dialysis.

If you are enrolled in an Aetna Medicare Preferred Provider Organization (PPO) plan, you have the flexibility to choose either network providers at lower out-of-pocket costs, or out-of-network providers at a higher cost sharing level. With the exception of emergencies or urgent care, it may cost PPO members more to get care from out-of-network providers. You can use any Aetna Medicare PPO network PCP and pay the plan's lower primary doctor visit copay. Although you are not required to select a PCP, you are encouraged to do so.

The “network providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our network providers listed in this directory; however, some services may require a

referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers. In cases where non-contracting providers submit a bill directly to you, you should not pay the bill, but submit it to Aetna Medicare for processing and determination of your financial liability, if any.

Certain healthcare services, such as hospitalization or outpatient surgery, require precertification with Aetna. This means the service must be approved by Aetna before it will be covered under the plan. Check your Evidence of Coverage for a complete list of services that require this approval. When you are to obtain services requiring precertification from a participating provider, the provider is responsible to precertify those services prior to treatment. If your plan covers out-of-network benefits and you may self-refer for covered services, it is your responsibility to contact Aetna to precertify those services which require precertification. If you need emergency care, you are covered 24 hours a day, 7 days a week, anywhere in the world. Whether you are in or out of an Aetna Medicare service area, we simply ask that you follow the guidelines below when you believe you need emergency care.

- Call the local emergency hotline (ex. 911) or go to the nearest emergency facility. If a delay would not be detrimental to your health, call your PCP. Notify your PCP as soon as possible after receiving treatment.
- If you are admitted to an inpatient facility, you or a family member or friend on your behalf should notify your PCP or Aetna as soon as possible.

If you are traveling outside of the Aetna Medicare (HMO) (PPO) plan service area, you are covered for emergency and urgently needed care. Urgent care may be obtained from a private practice physician, a walk-in clinic, an urgent care center or an emergency facility. If, after reviewing information submitted to us by the provider that supplied care, the nature of the urgent or emergency problem does not qualify for coverage, it may be necessary to provide us with additional information.

Follow-up Care after Emergencies

All follow-up care should be coordinated by your PCP. Follow-up care with non-participating providers is only covered with a referral from your PCP and prior authorization from Aetna. Whether you were treated inside or outside your Aetna Medicare service area, if your plan requires referrals, you must obtain a referral before any follow-up care can be covered. If your plan does not require referrals you should contact Aetna at the number on your ID card before care is received at non-network facilities. Suture removal, cast removal, X-rays and clinic and emergency room revisits are some examples of follow-up care.

PPO plans: All in-network and out-of-network follow-up care will be covered under the terms and conditions of your plan.

Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area HMO plan members must use plan providers for urgent care. When out of the service area urgent care may be obtained from the first available provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider. If HMO plan members obtain routine care from out-of-network providers neither Medicare nor Aetna Medicare will be responsible for the costs.

What is the service area for Aetna Medicare (HMO) (PPO) plan?

Please refer to the Service Area Map at the back of this book for the counties included in this directory.

How do you find Aetna Medicare (HMO) (PPO) plan providers in your area?

To find a plan provider near your home, look under the plan provider section of your choice (for example, "Primary Care Physicians"). The county and city are listed alphabetically in each plan provider section.

If you have questions about your Aetna Medicare HMO or PPO plan or require assistance in selecting a PCP, please call our Member Service Department at 1-800-282-5366, 8 am to 8 pm, 7 days a week.

TTY/TDD users should call 1-888-760-4748.

Sección 1 - Introducción

Este directorio ofrece una lista de proveedores que pertenecen a la red HMO y PPO de *Aetna Medicare*. Para obtener información detallada sobre su cobertura médica, por favor consulte la Evidencia de cobertura.

Si está inscrito en un plan de Organización para el Mantenimiento de la Salud (HMO, por sus siglas en inglés) de *Aetna Medicare*, tendrá que seleccionar a uno de nuestros proveedores que pertenecen a la red que aparecen en este directorio como su médico de familia o proveedor médico primario (PCP, por sus siglas en inglés). El término "PCP" se usará en todo el directorio. Por lo general, debe obtener su cobertura médica de su médico de familia. Su PCP le dará referencias médicas para especialistas y centros que pertenecen a la red para la proporción de ciertos servicios. En el caso de algunos servicios, su PCP deberá contar con la autorización previa de *Aetna*. Usted debe usar la red de proveedores excepto en caso de atención médica de urgencia o atención médica de urgencia o diálisis renal fuera del área. Excepto en los casos de los beneficios de acceso directo o en caso de emergencia según se indica en los documentos del plan, usted tendrá que obtener una referencia médica de su PCP antes de obtener atención médica de especialidad u hospitalaria si no se trata de una emergencia. Consulte la Evidencia de cobertura para obtener detalles.

Si está inscrito en un plan *Aetna Medicare (HMO) Open Access*, no tiene que seleccionar a un médico de familia (PCP) y puede visitar a los proveedores que pertenecen a la red sin necesidad de referencia médica para recibir los servicios cubiertos. Usted debe usar la red de proveedores excepto en caso de atención médica de urgencia o atención médica de urgencia o diálisis renal fuera del área.

Si está inscrito en un plan de Organización de Proveedores Preferidos (PPO) de *Aetna Medicare*, usted tiene la flexibilidad de seleccionar proveedores que pertenecen a la red a costos de bolsillo más bajo o proveedores que no pertenecen a la red por un costo compartido más alto. A excepción de casos de emergencia o atención médica de urgencia, puede ser más caro para los miembros de una PPO obtener atención médica de proveedores que no pertenecen a la red. Usted puede usar a cualquier médico de familia

que pertenezca a la red PPO de *Aetna Medicare* por un copago menor correspondiente al médico de familia del plan. Aunque no es obligatorio seleccionar un médico de familia, se le anima a hacerlo.

Los "proveedores que pertenecen a la red" incluidos en este directorio, han acordado proporcionarle su cobertura médica. Puede ir a cualquiera de nuestros proveedores que pertenecen a la red incluidos en este directorio; sin embargo, algunos servicios pueden requerir una referencia médica. Si ha estado yendo a un proveedor que pertenece a la red, no es necesario continuar yendo al mismo. En algunos casos, puede obtener servicios cubiertos de proveedores que no pertenecen a la red. En los casos en los que los proveedores sin contrato le presenten una factura directamente a usted, usted no debe pagar la factura sino presentarla a *Aetna Medicare* para que sea procesada y para que se determine su responsabilidad financiera, si la hubiese.

Ciertos servicios médicos, como por ejemplo la hospitalización o la cirugía ambulatoria, requieren la precertificación de *Aetna*. Esto significa que el servicio debe ser aprobado por *Aetna* antes de que el plan lo cubra. Consulte su Evidencia de cobertura para obtener una lista completa de servicios que requieren esta aprobación. Cuando usted obtenga servicios que requieran precertificación a través de un proveedor que pertenece a la red, el proveedor debe precertificar los servicios antes del tratamiento. Si su plan cubre servicios fuera de la red y usted puede obtener dichos servicios con una autorreferencia médica, es su responsabilidad comunicarse con *Aetna* para la precertificación de servicios si es necesaria.

Si necesita atención de emergencia, tendrá cobertura las 24 horas del día, los 7 días de la semana en cualquier lugar del mundo. Si está dentro o fuera de un área de servicio de *Aetna Medicare*, simplemente le pedimos que siga las siguientes pautas si piensa que necesita atención médica de emergencia.

- Llame a la línea directa de emergencia local (por ejemplo, 911) o vaya al centro de emergencia más cercano. Si piensa que esperar un poco no va perjudicar su salud, llame a su PCP. Notifique a su médico de familia lo antes posible después de recibir tratamiento.

www.aetnamedicare.com

Y0001_M_PE_MM_00982 CMS Approved 10/06/2010

V

- Si es admitido en un centro como paciente interno, usted o un familiar o amigo en su nombre, debe notificar a su médico de familia o Aetna lo antes posible.

Si está viajando fuera del área de servicio del plan (HMO) (PPO) de *Aetna Medicare*, recibirá cobertura por la atención médica de emergencia y de urgencia necesaria. La atención médica de urgencia puede recibirse de un médico de práctica privada, de una clínica de acceso libre o de un centro de atención médica de urgencia o de emergencia. Si después de revisar la información presentada por el proveedor que le atendió, se determina que la naturaleza del problema de atención médica de urgencia o emergencia no califica para recibir cobertura, probablemente sea necesario que nos proporcione información adicional.

Seguimiento médico después de emergencias

Todo seguimiento médico debe ser coordinado por su PCP. El seguimiento médico con proveedores que no pertenecen a la red sólo es cubierto si cuenta con una referencia médica de su PCP y la autorización previa de Aetna. Sin importar si recibió tratamiento dentro o fuera del área de servicio de *Aetna Medicare*, si su plan requiere referencias médicas, usted debe obtener una referencia médica antes de que se pueda cubrir ningún seguimiento médico. Si su plan no requiere referencias médicas debe contactar a Aetna al número de teléfono que aparece en su tarjeta de identificación antes de recibir el servicio en centros que no pertenecen a la red. La extracción de puntos, de yeso, los rayos X y las visitas de seguimiento a la clínica y sala de emergencia son algunos ejemplos de seguimiento médico.

Planes PPO: Todo seguimiento médico recibido dentro y fuera de la red será cubierto de acuerdo con los términos y condiciones de su plan.

Siempre puede obtener atención médica de emergencia dentro o fuera del área de servicio del proveedor médico disponible más cercano. Los miembros del plan HMO deben usar los proveedores del plan para recibir atención médica de urgencia cuando estén dentro del área de servicio. Cuando estén fuera del área de servicio, pueden obtener atención médica de urgencia del proveedor que esté

disponible primero. Además, cuando estén fuera del área de servicio, podrán obtener tratamiento de diálisis de cualquier proveedor de diálisis calificado. Si los miembros del plan HMO obtienen atención médica de rutina de proveedores que no pertenecen a la red, ni *Medicare* ni Aetna se responsabilizarán por los costos.

¿Cuál es el área de servicio del plan (HMO) (PPO) de Aetna Medicare?

Por favor consulte el mapa de las áreas de servicio al final de este libro para ver los condados incluidos en este directorio.

¿Cómo encuentra a proveedores del plan (HMO) (PPO) de Aetna Medicare en su área de servicio?

Para encontrar a un proveedor cerca de su casa, mire en la sección de proveedores del plan de su opción (por ejemplo, "médicos de familia"). El condado y ciudad están listados alfabéticamente en cada sección de proveedores del plan.

Si tiene preguntas sobre su plan HMO o PPO de *Aetna Medicare* o requiere ayuda para seleccionar un PCP, por favor llame al Departamento de Servicios al Miembro al 1-800-282-5366, de 8 am a 8 pm, los 7 días de la semana. Los usuarios TTY/TDD deben llamar al 1-888-760-4748. También puede visitar el sitio de Internet www.aetnamedicare.com.

For transplants and transplant-related services, please refer to the Institutes of Excellence Transplant Facilities section of this directory. Facilities are only considered participating for transplants if listed in that section of the directory.

Institutes of Excellence Transplant Facilities

The Aetna National Medical Excellence Program coordinates care and provides access to covered transplant treatment through the national Institutes of Excellence™ network. We have selected hospitals that have met extensive quality, as well as cost-effectiveness criteria to participate in our Institutes of Excellence Transplant Facilities for solid organ transplants and bone marrow transplants. These facilities have been contracted on a transplant-specific basis and facilities are considered participating only for the transplant type listed in this directory.

To be considered in network for coverage for transplant-related services, including evaluation, transplant, and follow-up care, you must utilize an Institutes of Excellence participating facility that has been specifically contracted by Aetna for your transplant type. Services must be preauthorized with Aetna for coverage to be effective. Any facility that is not specified as an Institutes of Excellence network facility is considered nonparticipating or nonpreferred for transplant-related services, even if they are considered participating for other types of services.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies (Aetna).

The benefit information provided herein is a brief summary, not a comprehensive description of benefits. For more information contact the plan. Limitations, copayments, and restrictions may apply. Benefits, formulary, pharmacy network, premium and/or copayments/coinsurance may change on January 1, 2012.

In general, beneficiaries must use network pharmacies to access their prescription drug benefit, except in non-routine circumstances. Pharmacy clinical programs such as prior authorization, step therapy, and quantity limits may apply to your prescription drug coverage.

For the Aetna Medicare PPO plan: Higher costs may apply for out-of-network services. Precertification, or prior approval of coverage, is requested for certain services. Providers must be licensed and eligible to receive payment under the federal Medicare program.

This material is for informational purposes only. Not all health services are covered. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health services.

Providers who have been duly recognized by the NCQA Recognition Programs are annotated in the provider listings section of this directory. Aetna is committed to Accreditation by the National Committee for Quality Assurance (NCQA) as a means of demonstrating a commitment to continuous quality improvement and meeting customer expectations. A complete listing of health plans and their NCQA accreditation status can be found on the NCQA website located at <http://www.ncqa.org/tabid/142/Default.aspx>. To refine your search, we suggest you search these areas: Managed Behavioral Healthcare Organizations – for behavioral health accreditation; Credentials Verification Organizations – for credentialing certification; Managed Care Organizations - for HMO and PPO health plan accreditation; Recognition Directory - for physicians recognized by NCQA in the areas of heart/stroke care, diabetes care, back pain and systematic processes; Physician and Hospital Certification (PHQ) that evaluates how health plans measure and report the quality and cost of physicians and hospitals.
