Section 1 – Introduction

This directory provides a list of Anthem MediBlue Preferred Standard (PPO)'s network providers. To get detailed information about your health care coverage, please see your *Evidence of Coverage*.

This directory lists the providers in your area that are part of the network for your plan. When you go to network providers, you are responsible only for any deductible and copayment or coinsurance amounts required by your plan.

The list of providers in this directory was reviewed at the time this list was developed. Participation in the network can change at any time, so please check to ensure that the provider is still part of the network before you receive care. Either call the provider's office, or call the Customer Service number on your membership ID card.

Primary Care Physician

Although it is not required, we recommend that you choose a Primary Care Physician (PCP). A Primary Care Physician will provide most of your care and will help you arrange or coordinate most other care you need.

If you currently have a Primary Care Physician who provides most of your care, please check to be sure that the physician is part of the network for your plan. If not, you may want to choose another physician who is in the network.

The "network providers" listed in this directory have agreed to provide you with your health care, vision and dental coverage. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider.

Your PCP may need to get prior authorization (prior approval) from us before you receive certain care. See your *Summary of Benefits* or your *Evidence of Coverage* to find out what services need prior authorization.

Out-of-Network Care

You may choose to get covered services from out-of network providers. You don't need to get a referral or prior authorization when you get care from out-of network providers. However, if you use an out-of-network provider – your share of costs for covered services may be higher – except for emergency care, urgently needed care when a network provider is not available, and out-of-area dialysis services.

Emergency care can always be obtained in or out of the service area from the nearest available provider. You may receive covered emergency medical care whenever you need it, anywhere in the United States. After your emergency is over, you are entitled to follow-up care as well as post-stabilization care.

If you have an urgent need for care outside your plan's service area and are still in the United States, but are unable to get care from a network provider – urgently needed care will be available from providers at the lower in-network, cost-sharing amount.

If you go to an out-of-network provider, ask the provider to send us the bill. We recommend that you wait to pay the provider until you know what we have paid and the amount you owe. If the provider sends you the bill, please contact Customer Service about sending the bill to us. We will pay the provider your benefits for covered services, unless we know that you paid the bill. Then we will pay your benefits to you. You won't have to pay an out-of-network provider any more than what the provider would have been paid if you had been covered with the Original Medicare Plan.

We cannot pay a provider that has decided not to participate in Medicare. You will be responsible for the full cost of services you receive from a non-Medicare provider. Please confirm that the provider participates in Medicare before you receive care.

Important Information

If you are enrolled in a health plan that does not include Part D Prescription Drug coverage, the pharmacy directory that follows is provided only because these pharmacies also provide one or more prescription drugs that are covered under your health benefits (because they are covered under Part B, not Part D).

If you are not sure whether you have Part D coverage, please refer to your enclosed *Summary of Benefits* or *Evidence of Coverage*, or call the Customer Service number on your ID card.

Pharmacy Directory

This booklet provides a list of Anthem MediBlue Preferred Standard (PPO)'s network pharmacies. This directory is for Fairfield, Hartford, Litchfield, Middlesex, New Haven, New London, Tolland and Windham Counties of Connecticut.

We also list pharmacies that are in our network but are outside Fairfield, Hartford, Litchfield, Middlesex, New Haven, New London, Tolland and Windham Counties of Connecticut. Please contact Anthem MediBlue Preferred Standard (PPO) at **1-866-673-4157**, 8 a.m. to 8 p.m, seven days a week through February 14, 2012, and 8 a.m. to 8 p.m., Monday-Friday, except holidays, starting February 15, 2012, for additional information.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. To get current information about Anthem MediBlue Preferred Standard (PPO)'s network pharmacies in your area, please visit our website at www.anthem.com/medicare or call Customer Service at **1-866-673-4157**, 8 a.m. to 8 p.m, seven days a week through February 14, 2012, and 8 a.m. to 8 p.m., Monday-Friday, except holidays, starting February 15, 2012. (TTY/TDD users should call **1-800-241-6894**.)

Beneficiaries must use network pharmacies to access their prescription drug benefit. Benefits, formulary, pharmacy network, premium and/or copayments/coinsurance may change on January 1, 2013.

Introduction

This booklet provides a list of Anthem MediBlue Preferred Standard (PPO)'s network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the *Evidence of Coverage* and Anthem MediBlue Preferred Standard (PPO)'s formulary. If you have additional questions, please call Customer Service at **1-866-673-4157**, 8 a.m. to 8 p.m, seven days a week through February 14, 2012, and 8 a.m. to 8 p.m., Monday-Friday, except holidays, starting February 15, 2012. TTY/TDD users should call **1-800-241-6894**. Or, visit **www.anthem.com/medicare**.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to Plan members.

A network pharmacy is a pharmacy where beneficiaries obtain prescription drug benefits provided by Anthem MediBlue Preferred Standard (PPO).

In most cases, your prescriptions are covered under Anthem MediBlue Preferred Standard (PPO) only if they are filled at a network pharmacy or through our mail-order pharmacy service. Once you go to one, you are not required to continue going to the same pharmacy to fill your prescription. You can go to any of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your *Evidence of Coverage*.

Pharmacies may have closed or moved locations since this directory was printed.

Pharmacies may have been added or removed from the network since this directory was printed.
