Section 1 – Introduction

This directory provides a list of Aetna Medicare (HMO) (PPO) network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

If you are enrolled in a standard Aetna Medicare Health Maintenance Organization (HMO) plan, you will have to choose one of our network providers who are listed in this directory to be your **Primary Care {Physician/Provider} (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP. Your PCP will issue referrals to participating specialists and facilities for certain services. For some services, your PCP is required to obtain prior authorization from Aetna Medicare. Except in an emergency, you will need to obtain a referral from your PCP before seeking covered non-emergency specialty or hospital care. You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers neither Medicare nor Aetna Medicare will be responsible for the costs.

If you are enrolled in an Aetna Medicare (HMO) Open Access plan, you are not required to choose a **Primary Care {Physician/Provider} (PCP)** and are free to visit network providers without a referral to receive covered services. You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers neither Medicare nor Aetna Medicare will be responsible for the costs.

If you are enrolled in an Aetna Medicare Preferred Provider Organization (PPO) plan, you have the flexibility to choose either network providers to receive covered services at lower out-of-pocket costs, or out-of-network providers at a higher cost sharing level. With the exception of emergencies, urgent care or out-of-network renal dialysis, it may cost PPO members more to get care from out-of-network providers. You can use any Aetna Medicare PPO network **Primary Care {Physician/Provider} (PCP)** and pay the plan’s lower primary doctor visit copay. Although you are not required to select a PCP, you are encouraged to do

so. If you receive covered services from an out-of-network provider, it is important to confirm they will accept your PPO plan and are eligible to receive Medicare payment.

The “network providers” listed in this directory have agreed to provide you with your health care, vision, hearing and dental coverage. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from out-of-network providers.

In cases where non-contracting providers submit a bill directly to the enrollee, the enrollee should not pay the bill, but should submit it to the plan for processing and determination of enrollee liability, if any.

Certain health care services, such as hospitalization or outpatient surgery, require prior authorization with Aetna Medicare. This means the service must be approved by Aetna Medicare before it will be covered under the plan. Check your Evidence of Coverage for a complete list of services that require this approval. When you are to obtain services requiring prior authorization from a network provider, the provider is responsible to obtain prior authorization from Aetna Medicare before treatment. If your plan includes an out-of-network benefit and you decide to receive covered services from an out-of-network provider it is your responsibility to contact Aetna Medicare for prior authorization of those services.

Emergency care

If you need emergency care, you are covered 24 hours a day, 7 days a week, anywhere in the world. Whether you are in or out of an Aetna Medicare service area, we simply ask that you follow the guidelines below when you believe you need emergency care.

- Call the local emergency hotline (ex. 911) or go to the nearest emergency facility. Notify your PCP as soon as possible after receiving treatment. Or if a delay would not be detrimental to your health, call your PCP.

- If you are admitted to an inpatient facility, you, a family member or friend on your behalf should notify your PCP or Aetna Medicare as soon as possible.

If you are traveling outside of the Aetna Medicare (HMO) (PPO) plan service area, you are covered for emergency and urgently needed care. Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area HMO plan members must use plan providers for urgent care. When out of the service area urgent care may be obtained from the first available provider. Urgent care may be obtained from a private practice physician, a walk-in clinic, an urgent care center or an emergency facility. If, after reviewing information submitted to us by the provider that supplied care and the nature of the urgent or emergency problem does not qualify for coverage, it may be necessary to provide us with additional information.

Follow-up care after emergencies

All follow-up care should be coordinated by your PCP. Follow-up care with out-of-network providers may only be covered with a referral from your PCP and prior authorization from Aetna. Whether you were treated inside or outside your Aetna Medicare service area, if your plan requires referrals, you must obtain a referral before any follow-up care can be covered. If your plan does not require referrals you should contact our customer service department at 1-800-282-5366 (TTY users call 711) before care is received at out-of-network facilities. Suture removal, cast removal, x-rays and clinic and emergency room revisits are some examples of follow-up care.

PPO plans: Any in-network and out-of-network follow-up care will be covered under the terms and conditions of your plan.

Sección 1: Introducción

Este directorio proporciona una lista de proveedores que pertenecen a la red del plan (HMO) (PPO) de Aetna Medicare. Para obtener información detallada sobre su cobertura médica, por favor consulte su Evidencia de Cobertura.

Si está inscrito en un plan de Organización de Mantenimiento de la Salud (HMO) estándar de Aetna Medicare, tendrá que seleccionar a uno de nuestros proveedores que pertenecen a la red que están listados en este directorio como su médico de familia (PCP). El término “PCP” se usará a lo largo de este directorio. Por lo general, debe obtener su cobertura médica de su PCP. Su PCP le dará referencias médicas a los especialistas y centros médicos que pertenecen a la red para la proporción de ciertos servicios. En el caso de algunos servicios, se exige a su PCP obtener autorización previa de Aetna Medicare. Excepto en casos de emergencia, usted tendrá que obtener una referencia médica de su PCP antes de obtener atención médica de especialidad u hospitalaria si no se trata de una emergencia. Usted debe usar a los proveedores que pertenecen a la red excepto en casos de atención médica de emergencia o urgencia, o de diálisis renal fuera del área. Si obtiene atención de rutina de proveedores que no pertenecen a la red, ni *Medicare* ni Aetna Medicare se responsabilizarán por los costos.

Si está inscrito en un plan de acceso directo (HMO) de Aetna Medicare, usted no está obligado a elegir a un médico de familia (PCP) y puede visitar a los proveedores que pertenecen a la red sin la necesidad de una referencia médica para recibir los servicios cubiertos. Debe usar proveedores de la red, excepto en situaciones de atención médica de emergencia o de urgencia o para diálisis renal fuera del área. Si obtiene atención de rutina de proveedores que no pertenecen a la red, ni *Medicare* ni Aetna Medicare serán responsables de los costos.

Si está inscrito en un plan de Organización de Proveedores Preferidos (PPO) de Aetna Medicare, usted tiene la flexibilidad de seleccionar proveedores que pertenecen a la red para recibir servicios cubiertos a costos de bolsillo más bajo o

proveedores que no pertenecen a la red por un costo compartido más alto. A excepción de casos de emergencia, atención médica de urgencia o diálisis renal fuera de la red, puede ser más caro para los miembros de un plan PPO obtener atención médica de proveedores que no pertenecen a la red. Usted puede usar a cualquier médico de familia (PCP) que pertenece a la red PPO de Aetna Medicare y pagar el copago menor correspondiente a la visita al médico de familia del plan. Aunque no es obligatorio seleccionar un PCP, se le anima hacerlo. Si recibe servicios cubiertos de un proveedor que no pertenece a la red, es importante confirmar que aceptará su plan PPO y que es elegible para recibir pagos de *Medicare*.

Los “proveedores que pertenecen a la red” incluidos en este directorio han acordado proporcionarle su cobertura médica, de la vista, audición y dental. Usted puede ir a cualquiera de nuestros proveedores que pertenecen a la red incluidos en este directorio; sin embargo, podría requerir referencias médicas para algunos servicios. Si ha estado yendo a un proveedor que pertenece a la red, no es necesario continuar yendo al mismo proveedor. En algunos casos, puede obtener servicios cubiertos de proveedores que no pertenecen a la red.

En los casos dónde los proveedores sin contrato presentan una factura directamente al inscrito, el inscrito no debe pagar la factura, sino presentarla al plan para que sea procesada y para que se determine la responsabilidad financiera del inscrito, si la hubiese.

Ciertos servicios médicos, como por ejemplo la hospitalización o la cirugía ambulatoria, requieren autorización previa de Aetna Medicare. Esto significa que el servicio debe ser aprobado por Aetna Medicare antes de que el plan lo cubra. Consulte su Evidencia de Cobertura para obtener una lista completa de servicios que requieren esta aprobación. Cuando usted obtenga servicios que requieran autorización previa de un proveedor que pertenece a la red, el proveedor es responsable de obtener la autorización previa de Aetna Medicare antes del tratamiento. Si su plan incluye un beneficio fuera de la red y usted decide recibir los

servicios cubiertos de un proveedor fuera de la red, será su responsabilidad contactar a Aetna Medicare para obtener autorización previa de esos servicios.

Atención médica de emergencia

Si necesita atención médica de emergencia, tendrá cobertura las 24 horas del día, los 7 días de la semana, en cualquier lugar del mundo. Ya sea que está dentro o fuera de un área de servicio de Aetna Medicare, simplemente le pedimos que siga las siguientes pautas cuando cree que necesita atención médica de emergencia.

- Llame a la línea local de emergencias (por ejemplo, 911) o diríjase al centro médico de emergencias más cercano. Notifique a su PCP lo antes posible después de recibir tratamiento. O si la demora no perjudicaría su salud, llame a su PCP.
- Si se le admite en un centro médico hospitalario, usted, un familiar o amigo en su nombre, debe notificar a su PCP o Aetna Medicare lo antes posible.

Si está viajando fuera del área de servicio del plan (HMO) (PPO) de Aetna Medicare, usted está cubierto en caso de emergencia y de urgencia. La atención médica de emergencia siempre se puede obtener del proveedor médico disponible más cercano dentro o fuera del área de servicio. Cuando está dentro del área de servicio, los miembros del plan HMO deben utilizar proveedores del plan para recibir atención médica de urgencia. Cuando está fuera del área de servicio, puede obtener atención médica de urgencia del proveedor que esté disponible primero. La atención médica de urgencia puede obtenerse de un médico de práctica privada, una clínica de atención sin citas, un centro de atención urgente o un centro médico de emergencia. Si después de revisar la información presentada a nosotros por el proveedor que le atendió y se determina que la naturaleza del problema urgente o de emergencia no califica para recibir cobertura, probablemente sea necesario que nos proporcione información adicional.

Seguimiento médico después de emergencias

Todo seguimiento médico debe ser coordinado por su PCP. El seguimiento médico con proveedores que no pertenecen a la red sólo puede ser cubierto si cuenta con una referencia médica de su PCP y la autorización previa de Aetna. Sin importar si recibió tratamiento dentro o fuera de su área de servicio de Aetna Medicare, si su plan exige referencias médicas, usted debe obtener una referencia médica antes de que se pueda cubrir ningún seguimiento médico. Si su plan no exige referencias médicas debe contactar nuestro departamento de servicios al cliente al 1-800-282-5366 (los usuarios TTY pueden llamar al 711) antes de recibir atención en centros médicos fuera de la red. La extracción de puntos, de yeso, las radiografías y las visitas de seguimiento a las clínicas y sala de emergencia son algunos ejemplos del seguimiento médico.

Planes PPO: Todo seguimiento médico dentro y fuera de la red serán cubiertos por los términos y condiciones de su plan.

Pharmacies

This section provides a list of the Aetna Medicare's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and Aetna Medicare's formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under Aetna Medicare if they are filled at a network pharmacy or through our mail-order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any of our other network pharmacies.

The network pharmacies listed in this directory are for your state and/or county. We also offer a national network of pharmacies that provide convenience when you need to fill your prescription while traveling and away from home.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

We will fill prescriptions at out-of-network pharmacies under certain circumstances as described in your Evidence of Coverage. Generally, we cover drugs filled at an out-of-network pharmacy only when you are not able to use a network pharmacy. For instance, if you become ill while traveling outside of the plan's service area where there is no network pharmacy and you need a prescription filled. You may have to pay more than your normal cost-sharing amount if you get your drugs at an out-of-network pharmacy.

You must go to certain pharmacies for a limited number of drugs, due to special handling, provider coordination, or patient education requirements which cannot be met by most pharmacies in your network. These drugs are listed on our plan's website and formulary, as well as on the Medicare Prescription Drug Plan Finder on <http://Medicare.gov>.

Aetna Medicare Preferred Mail-Order Pharmacy

Aetna Rx Home Delivery is our preferred mail-order network pharmacy. You can go to all the pharmacies on this list, but your costs may be less at certain pharmacies in this list, which we have marked with Ⓟ Preferred Pharmacy. We call these pharmacies preferred pharmacies, and they may offer lower cost-sharing than other network pharmacies. Ordering prescriptions through Aetna Rx Home Delivery offers you the convenience of having your prescription drugs delivered right to your door.

How can you get an extended day supply of drugs?

Many drugs that you may take on a regular basis for a chronic or long-term medical condition are available in an extended day (up to 90-day) supply. These are called “mail-order” drugs in our plan’s formulary. When you get an extended day supply of these drugs your cost-sharing may be lower. Our plan offers two ways to get an extended day supply of maintenance/mail-order drugs:

1. You can use the plan’s network **mail-order** services and have your drugs delivered to you. Our preferred mail-order service may offer lower cost-sharing for extended day supplies. Your plan’s Summary of Benefits and Evidence of Coverage list cost-sharing information.
2. An extended day supply of maintenance drugs is covered at all **retail** and **chain** pharmacies in our network.

To request an order form for our plan’s preferred mail-order service or for answers to questions you may have on getting an extended day supply of your drugs, please contact our customer service department at 1-800-282-5366. We are open from 8 a.m. to 8 p.m., Monday through Sunday in all time zones. TTY users should call 711.

Farmacias

Esta sección proporciona una lista de las farmacias que pertenecen a la red de Aetna Medicare. Para obtener una descripción completa de su cobertura de farmacia, incluyendo cómo surtir sus medicamentos bajo receta, por favor revise la Evidencia de Cobertura y el listado de medicamentos de Aetna Medicare.

Las farmacias de esta lista se conocen como nuestras "farmacias que pertenecen a la red" porque hemos acordado con ellos para proporcionar medicamentos bajo receta a los miembros del plan. En la mayoría de los casos, sus medicamentos bajo receta están cubiertos por Aetna Medicare si se surten en una farmacia de la red o a través de nuestro servicio de farmacia de pedidos por correo. Una vez que va a una farmacia, no está obligado a seguir yendo a la misma farmacia para surtir sus medicamentos bajo receta, pero se puede cambiar a cualquiera de las otras farmacias de la red.

Las farmacias de la red listados en este directorio son para su estado y/o condado. También disponemos de una red nacional de farmacias que ofrecen comodidad a la hora que necesita surtir sus medicamentos bajo receta mientras está viajando y lejos de su hogar.

Todas las farmacias de la red no podrán figurar en este directorio. Se pueden haber agregado o retirado farmacias de la lista después de imprimirse este directorio. Esto significa que las farmacias que figuran a continuación pueden no estar en la red, o puede haber nuevas farmacias en nuestra red que no están listados. Nuestra información de contacto aparece en las páginas de las portadas delanteras y traseras.

Vamos a surtir los medicamentos bajo receta en farmacias fuera de la red bajo ciertas circunstancias como se describe en su Evidencia de Cobertura. Por lo general, cubrimos medicamentos bajo receta surtidos en una farmacia fuera de la red sólo cuando usted no puede utilizar una farmacia de la red. Por ejemplo, si se enferma mientras viaja fuera del área de servicio del plan donde no hay una farmacia de la red y necesita surtir un medicamento bajo receta. Es posible que tenga que pagar más que el monto del costo compartido normal si obtiene sus medicamentos en una farmacia fuera de la red.

Usted debe acudir a determinadas farmacias para un número limitado de medicamentos, debido al manejo especial, coordinación del proveedor o requerimientos de educación del paciente que no pueden ser cumplidos por la mayoría de las farmacias en su red.

Estos medicamentos están listados en el sitio de Internet de nuestro plan y listado de medicamentos, así como en el Medicare Prescription Drug Finder (buscador de planes de farmacia de Medicare) en <http://Medicare.gov>.

Farmacia preferida de pedidos por correo de Aetna Medicare

Aetna Rx Home Delivery es nuestra farmacia preferida de pedidos por correo. Usted puede ir a todas las farmacias en esta lista, pero sus costos pueden ser menor en ciertas farmacias de esta lista, que hemos marcado con el símbolo ® para farmacia preferida. Llamamos a estas farmacias “farmacias preferidas”, y pueden ofrecer participación en los costos más bajos que otras farmacias de la red. Ordenar medicamentos bajo receta a través de *Aetna Rx Home Delivery* le ofrece la conveniencia de recibir sus medicamentos bajo receta entregados directamente a su puerta.

¿Cómo puede obtener un suministro diario extendido de medicamentos?

Muchos medicamentos que toma habitualmente para las condiciones médicas crónicas o de largo plazo están disponibles en suministros diarios extendidos (hasta 90 días). Se conocen como medicamentos de “pedido por correo” en nuestro listado de medicamentos del plan. Cuando usted recibe un suministro diario extendido de estos medicamentos, su costo compartido puede ser menor. Nuestro plan ofrece dos formas de obtener un suministro diario extendido de medicamentos de mantenimiento o de pedido por correo:

1. Usted puede utilizar los servicios de **pedido por correo** de la red del plan y recibir sus medicamentos entregados a usted. Nuestro servicio preferido de pedido por correo puede ofrecer costos compartidos más bajos para los suministros diarios extendidos. El Resumen de Beneficios y la Evidencia de Cobertura de su plan enumeran información del costo compartido.
2. Un suministro diario extendido de medicamentos de mantenimiento está cubierto en todas las farmacias **minoristas** y de **cadena** en nuestra red.

Para solicitar un formulario de pedido para nuestro servicio preferido de pedidos por correo o para respuestas a las preguntas que usted pueda tener de obtener un suministro diario extendido de sus medicamentos, comuníquese con nuestro departamento de servicios al cliente al 1-800-282-5366. Estamos abiertos de 8 a.m. a 8 p.m., de lunes a domingo en todas las zonas horarias. Los usuarios TTY pueden llamar al 711.

Institutes of Excellence Transplant Facilities

The Aetna National Medical Excellence Program coordinates care and provides access to covered transplant treatment through the national Institutes of Excellence™ network. We have selected hospitals that have met extensive quality, as well as cost-effectiveness criteria to participate in our Institutes of Excellence Transplant Facilities for solid organ transplants and bone marrow transplants. These facilities have been contracted on a transplant-specific basis and facilities are considered participating only for the transplant type listed in this directory.

To be considered in network for coverage for transplant-related services, including evaluation, transplant, and follow-up care, you must utilize an Institutes of Excellence participating facility that has been specifically contracted by Aetna for your transplant type. Services must be preauthorized with Aetna for coverage to be effective. Any facility that is not specified as an Institutes of Excellence network facility is considered nonparticipating or nonpreferred for transplant-related services, even if they are considered participating for other types of services.

Centros de trasplante de los Institutes of Excellence

El Programa de excelencia médica nacional de Aetna coordina la atención médica y proporciona acceso al tratamiento de trasplante cubierto a través de la red de los Institutes of Excellence™ (Institutos de Excelencia). Hemos seleccionado a hospitales que han demostrado calidad extensivamente, así como criterios de economía para participar en nuestros Centros de trasplante de los Institutos de Excelencia para el trasplante de órganos sólidos y de médula ósea. Estos centros médicos han sido contratados sobre la base específica de trasplantes y los centros médicos se consideran participantes sólo para el tipo de trasplante listado en este directorio.

Para que se considere la cobertura dentro de la red de servicios relacionados con trasplantes, incluyendo la evaluación, trasplante y seguimiento médico, usted debe utilizar un centro médico de la red de los Institutos de Excelencia que ha sido específicamente contratado por Aetna para su tipo de trasplante. Los servicios deben ser pre-autorizados con Aetna para que la cobertura sea válida. Cualquier centro médico no especificado como centro médico de la red de los Institutos de Excelencia se considera como centro médico no participante o no preferido para servicios relacionados con trasplantes, incluso si se considera participante para otros tipos de servicios.

Nationally Contracted Walk-In Clinics

This section contains a list of nationally contracted walk-in clinics. Each nationally contracted walk-in clinic is staffed with nurse practitioners and/or physician's assistants as well as a physician on call during all hours of operation. Walk-in clinics are designed to treat ailments such as strep throat, pink eye, and seasonal allergies and may also offer a limited list of vaccines such as tetanus, hepatitis and pneumonia. Walk-in clinics are not designed to be an alternative for primary care providers. Walk-in clinics offer a quick alternative for common ailments with no appointment necessary.

Occasionally, a patient shows symptoms that are not within the walk-in clinic's treatment guidelines. In that case, nurse practitioners and physician assistants are qualified to screen and refer patients to the appropriate health care provider at no charge to the member.

Members who access care at walk-in clinic sites do not require a referral from their primary care physician.

Cost-sharing for walk-in clinics is based on a member's plan benefits. Your plan's Evidence of Coverage lists cost-sharing information.

Clínicas de atención sin citas contratadas a nivel nacional

Esta sección contiene una lista de las clínicas de atención sin citas contratadas a nivel nacional. Cada clínica de atención sin citas contratada a nivel nacional cuenta con enfermeros titulados y/o asistentes médicos así como un médico de guardia durante el horario de operación. Las clínicas de atención sin citas han sido diseñadas para tratar enfermedades como inflamación de la garganta, conjuntivitis y alergias estacionales, y también pueden ofrecer una lista limitada de vacunas contra el tétano, hepatitis y neumonía, entre otras. Las clínicas de atención sin citas no han sido diseñadas como alternativas para los proveedores médicos primarios. Las clínicas de atención sin citas ofrecen una alternativa rápida a las dolencias comunes sin que sea necesario tener una cita.

Ocasionalmente un paciente muestra síntomas que no están dentro del marco de tratamiento de la clínica de atención sin citas. En estos casos, los enfermeros titulados y asistentes médicos están calificados para hacer pruebas de detección y referir a los pacientes a los proveedores médicos apropiados sin costo para el miembro.

Los miembros que tienen acceso a las clínicas de atención sin citas no requieren una referencia médica de su médico de familia.

El costo compartido para las clínicas de atención sin citas se basa en los beneficios del plan del miembro. Vea la información de costos compartidos que aparece en la Evidencia de Cobertura de su plan.

Apuntes

Aetna is committed to Accreditation by the National Committee for Quality Assurance (NCQA) as a means of demonstrating a commitment to continuous quality improvement and meeting customer expectations. A complete listing of health plans and their NCQA status can be found on the NCQA website located at <http://reportcard.ncqa.org>.

To refine your search, we suggest you search these areas: 1) **Health Insurance Plans** — for HMO and PPO health plans and 2) **Physicians and Physician Practices** — for physicians recognized by NCQA in the areas of heart/stroke care, diabetes care, back pain and patient centered medical home. Providers, in all settings, achieve recognition by submitting data that demonstrates they are providing quality care. The program constantly assesses key measures that were carefully defined and tested for their relationship to improved care; therefore, NCQA provider recognition is subject to change.

See “Other Reports on Health Care Quality” in the drop down menu for **Managed Behavioral Healthcare Organizations** — for behavioral health accreditation and **Credentials Verifications Organizations** — for credentialing certification.

Aetna está comprometida a la acreditación por el *National Committee for Quality Assurance, NCQA* (Comité Nacional para el Control de Calidad) como una forma de demostrar el compromiso de la mejora de la calidad continua y cumplir las expectativas al cliente. Puede obtener una lista completa de los planes médicos y su estatus por el NCQA en el sitio de Internet de NCQA ubicado en <http://reportcard.ncqa.org>.

Para refinar su búsqueda, sugerimos que busque en estas áreas: 1) **Planes de seguro médico:** para los planes médicos HMO y PPO, y 2) **Médicos y profesionales de la salud:** para los médicos reconocidos por el NCQA en las áreas de atención cardíaca/derrame cerebral, diabetes, dolor de espalda y el hogar médico *Patient Centered Medical Home* (PCMH). Los proveedores, en todos los entornos, alcanzan este reconocimiento al someter los datos que demuestran que están proporcionando atención médica de calidad. El programa constantemente evalúa las medidas claves que fueron cuidadosamente definidas y examinadas con relación a la mejora de la atención médica, por lo tanto, el reconocimiento de proveedor por el NCQA está sujeto a cambios.

Consulte la sección “Other Reports on Health Care Quality” (otros informes sobre la calidad de atención médica) en el menú desplegable de **Organizaciones para el Manejo de la salud del comportamiento:** para la acreditación de la salud del comportamiento y **Organizaciones para las verificaciones de certificaciones:** para la acreditación de certificación.
